

How can I adapt my email address?

Step 1: Open your user profile.

Step 2: Go to the contact details tab. Enter your new email address and click save.

A screenshot of the user profile page. On the left is a placeholder for a profile picture. To the right, the user's name "Ms. Lisa Weisenborn" and company "Fasih GmbH" are listed. Below this are contact details: email "lisa.weisenborn@fasih.net", phone "+49 621 520078-0", and mobile "+49 621 520078-20". The address is "Ludwig-Reichling-Straße 6, 67059 Ludwigshafen am Rhein, Deutschland, Rheinland-Pfalz". There are buttons for "Change password", "Upload photo", and "Delete photo". A message states "Your photo is not being shown in the portal." with a consent checkbox. Below this is a section titled "Important information about image transfer". The "Contact details" tab is active, showing a form with fields for Company name, Street and house number, ZIP, City, State, Country, Email, Phone, Cellphone, Fax, and Website. The "Email" field is highlighted with a red box and contains "lisa.weisenborn@fasih.net". There are "Add" buttons for Phone, Cellphone, and Fax. At the bottom, there are "Save" and "Close" buttons, with "Save" highlighted by a red box.
